2017 World Corporate Games

The World Corporate Games is the largest corporate, multi-sport festival on the globe and is open to all organizations, businesses, institutions, and associations regardless of size. To date over 25,000 organizations and more than one million participants have taken part.

After an almost 30-year absence from the United States, the Harris County – Houston Sports Authority will host the Games November 16 – 19, 2017. The event is projected to have thousands of participants across 18 different sports. Teams include employees, colleagues, family and friends.
